DRAMA OF ISSUES,
CANDIDATES AND
BITTER ARGUMENTSFIRST ACT CAME IN SOUTH DA-
KOTA'S SENATORIAL
BATTLENEW ELEMENT IN WESTERN AF-
FAIRS IS WISCONSIN
SITUATION

By MAX BUCKINGHAM
(United Press Staff Correspondent)
Chicago, March 25.—Politics has taken the stage in the middle western states and the drama of issues, candidates and bitter fights is absorbing the voters.

The first act in this year's production came in South Dakota with an unsatisfactory result to the Coolidge administration, but one nevertheless expected. That came when Senator Peter J. Norbeck, insurgent, won the republican nomination for United States senator with a wide margin over George J. Danforth, an avowed administration man.

Now with the first act disposed of, leaders of the various factions are preparing for a swift moving vehicle until the climax is reached in November.

Chief among the new elements injected into the drama of middle western affairs is the situation in Wisconsin. There Senator Irvine Lenroot has announced he will run again as the champion of the "Coolidge republicans."

But Frank J. Kelly, former liquor prosecutor in the District of Columbia, has thrown the unexpected angle into Wisconsin affairs by announcing for the senate on a wet ticket. The state has been a hotbed of wet and dry fights but until Kelly's unexpected debut the issue had not been involved in this year's senatorial race.

Kelly is going to make the race on the plea that he has watched the liquor law in action and has decided it "does not amount to much."

Iowa is "sitting tight" watching for the entrance of its leading man, Smith W. Brookhart, insurgent. Right now there is no activity as a result of the Brookhart-Steck senate contest pending before a senate committee.

Senator Cummins, other Iowa senator, is up for nomination June 7 and his opponents are Howard J. Clark, Des Moines, and State Senator M. L. Bowman, Waterloo.

But if Brookhart is kept out of the senate by the Steck contest, then the insurgent is expected to add some spirit to the presentation of the Iowa part of the middle western drama. In event of Brookhart's entrance into the fight, Bowman will step out.

Missouri is cluttered with candidates and the issues are many. The republicans are planning wide applause for Senator George H. Williams, regular republican, who voted against the world court, and W. O. Akeson. There also is a peril that Walter S. Dickey, Kansas City, may enter the race. W. Blodgett Priest, a young republican, is seeking the senate on a modification of the dry law platform.

In connection with young Priest's entrance there is possibility of an unusual angle being injected into the Missouri race. Judge Henry S. Priest, father of the young republican, has announced that if none of the democratic candidates announce a wet platform, he will become a candidate on the democratic slate. That gives a possibility of father against son in the election, although the elder Priest may have no reason to enter the contest, as Harry Hawes, St. Louis, is expected to announce himself in favor of either modification or repeal of the Volstead law.

The next act in the drama, however, will come in Illinois, April 13. Then the voters will see the end of a sparkling republican campaign against Senator William B. McKinley by Franklin L. Smith. The world court issue is the prominent one between the two candidates. George E. Brennan is seeking the democratic nomination on a wet ticket, but his nomination is a virtual certainty; therefore the heavy role out for him will not be used until after the primaries, when his republican opponent will be selected.

NEW WITNESSES
QUESTIONED IN
TAYLOR MYSTERYFRESH ACTIVITY ON PART OF
DISTRICT ATTORNEY'S OFFICE
AT LOS ANGELESINVESTIGATION IS REVIVED IN
WILLIAM DEMOND TAYLOR
MURDER

By LINCOLN QUARBERG
(United Press Staff Correspondent)

Los Angeles, March 25.—New witnesses were summoned to the district attorney's office today for questioning in connection with the baffling William Desmond Taylor murder case.

This fresh activity on the part of the district attorney's office came upon telegraphic instructions from District Attorney Keyes to his staff of assistants here.

"I cannot reveal the names of the persons who were questioned nor what they have told us," Fitts said. "We obtained important and valuable information, however, and when Mr. Keyes returns it probably will be presented to a grand jury."

None of the principals in the first investigation of the Taylor murder four years ago were among those examined in the revived probe, Fitts said.

Activity at the state's attorney's office, after four years of quiet "under cover" investigation, stirred the film colony of which Taylor was an important member and fresh rumors were put in circulation.

Most of the characters who figured in the first probe have left the state. Only Mabel Normand, screen comedienne, remains in the immediate vicinity and although she was not among those called for questioning today she will be examined when Keyes returns from the east.

Mary Miles Minter, the other film star, who figured prominently in the investigation which immediately followed the murder, is in New York and her mother, Mrs. Charlotte Shelby, is in New Orleans. Both may be called to Los Angeles for fresh questioning, Fitts indicated.

Edward Sands, the slain film director's valet, is the single person unaccounted for in the revived efforts to solve the case, the district attorney's office indicated. If he could be located there would be an immediate indictment and trial of the murder case, it was said.

Sands, who is known to have quarreled with his former master, disappeared at the time of the murder and has never since been found. A "mysterious woman," real or imagined, is blamed for his successful getaway, by the district attorney's office. It is this woman for whom Keyes has been looking in the east. It was said on the theory that she can tell the prosecutor where to find Sands.

KEYES VISITS RELATIVES
AT TRAVERSE CITY

Traverse City, Mich., March 25.—After an overnight visit with his relatives here, Asa Keyes, prosecuting attorney of Los Angeles, planned today to resume his westward journey and investigation of the William Desmond Taylor murder mystery.

On arrival at the home of his mother, Mrs. Frank A. Earl, late yesterday, Keyes reaffirmed a previous statement to the United Press that the investigation was progressing, but emphatically denied recently published reports in Chicago that the slayer of Taylor was known by him.

Keyes also said that on his return to Los Angeles he planned to question Mrs. Charlotte Shelby, mother of Mary Miles Minter, the screen star, in addition to Miss Minter and Miss Mabel Normand, screen comedienne, and the last person known to have visited Taylor before his death.

GANGLAND LAW

OF A BETRAYERHELD RESPONSIBLE FOR MUR-
DER OF JOHN LAFFERTY
OF CHICAGOPOUR VOLLEY OF SHOTS INTO
HIM AS HE LAY ON LOUNGE
IN HIS HOME

Chicago, March 25.—(UP)—The law that prevails in gangland, demanding death of a betrayer, was held responsible today for the murder of John Lafferty, who was shot to death as he lay asleep this morning in his father's home.

Lafferty, with a startling police record for a man of only 24, had given police information leading to the arrest of William J. White, a notorious underworld figure, in connection with the recent \$80,000 robbery of the International Harvester Company.

Shortly after midnight two men, posing as policemen, gained entrance to the Lafferty home and asked the boy's father where John was. The father pointed to a couch where John was asleep.

Without further words the two men approached the sleeping man, drew pistols and poured a volley of shots into his body while his father cowered in a corner.

The men withdrew as silently as they entered and the grim law of gangland was the only motive authorities could offer.

Washington, March 25.—(UP)—The "man in the green hat," the elusive capital bootlegger, who sprang into prominence by dropping five quarts of rye whisky in the hall of the house office building, was captured today by federal dry agents.

George L. Cassidy, 34, positively identified by agents as the mysterious stranger, who was reported to have a large clientele in both wings of the capitol, was arrested in his home here on a warrant charging possession and transportation of liquor. He was taken to jail at once.

Cassidy was positively identified by Capitol Policeman Chorley as the man who dropped the liquor in a house office building hallway. He was released under \$1,000 bond for hearing April 7, after pleading not guilty.

MEDICAL STUDENT
KILLS HIS FIANCEE,
THEN SHOOTSELF

Berlin, March 25.—(UP)—John Goodrich, an American medical student from Monroe, N. H., today shot and killed his fiancée, Alice Fitzner of Detroit, Mich., and then killed himself, in a taxicab. Miss Fitzner, a dancer, had threatened to break off her engagement to Goodrich.

Goodrich and Miss Fitzner left a theater at midnight in a taxicab. They had not gone far when the chauffeur heard two shots. Looking inside his cab he saw his fares slumped down on the floor, each with a bullet wound in the temple. The chauffeur drove to a hospital, where Goodrich was found to be dead. Miss Fitzner died a few hours later.

NORBECK

Pierre, S. D., March 25.—(UP)—The vote by which Senator Peter Norbeck was renominated for the senate in republican primary elections this week became the largest ever given a party endorsement today as returns from rural precincts continued to swell tabulation here.

With reports missing from 400 precincts, Norbeck's total was almost double that of his opponent, George J. Danforth, the independent candidate. Vote for the incumbent was 47,000, more than 1,000 over the total of ballots cast for the principal candidate in the previous primary election.

Governor Carl Gunderson is running well behind Norbeck, but led his opponent, C. E. Coyne, by a margin almost as impressive as that of Norbeck. Gunderson's total was approximately 42,000, against less than 28,000 for Coyne. W. J. Bulow was apparently in a safe lead over R. O. Richards for the democratic nomination for governor.

Republican nomination in South Dakota practically assures election. Norbeck will be opposed in the final election by Howard Pratt, farmer-laborite, and C. J. Gunderson, democrat. At his home in Redfield Norbeck was jubilant over his decisive victory and interpreted the heavy vote as an endorsement of his farm relief policies.

AND CONSIDERABLE DAM-
AGE DONE

Eau Claire, Wis., March 25.—(UP)—Homes in Shawtown, near here, were damaged today from flood waters of Moon Lake, following the washout of an old dam at the outlet into the Chippewa river.

Sherman Creek, which flows into Moon Lake, flooded yesterday, causing an unprecedented rush of water. The lower dam, a 54 year old structure, gave way under the strain.

The lake dropped four feet from its normal level, its waters rushing into the Chippewa river. Basements of homes were flooded by the overflow and considerable property damaged.

Game fish, with which the lake was plentifully stocked, are expected to suffer from the ice jam and flood. Winona, Minn., March 25.—Equipment of the public baths was carried away late yesterday when the Mississippi river ice went out. Booms and floats were carried down stream in the rush. Level of the river dropped nearly a foot. Property damage except to the baths was small.

LATIONS WITH BOYS
INVOLVED

Marinette, Wis., March 25.—(UP)—Twenty-seven boys and girls of ages ranging from 14 to 21, most of them students in the high school here, have been arrested on delinquency charges following an investigation by local authorities.

The arrests followed a probe by local officers into "parties" staged here in which, it is said, liquor was a feature.

Eight girls in their examination before Judge William Haase in juvenile court, admitted illicit relations with the boys involved.

Nine boys, all over 17 years of age, facing criminal charges, will be arraigned either tomorrow or Saturday. Ten younger boys are to be arraigned in juvenile court.

Testimony of those under arrest brought out that most of the "parties" were staged at various places near here and there was no testimony to show that anything questionable had taken place at the junior high school or other school buildings.

Washington, March 25.—Under pressure from the White House and the treasury for early and favorable action, the long delayed Italian debt settlement, funding Italy's \$2,045,000,000 war debt to this country, was called up in the senate today for final disposition.

Chairman Smoot of the senate finance committee, through precedent, was given first opportunity to present his side of the case, but he faced a group of solemn faced irreconcilables and others who have long planned a determined fight against the agreement on the ground that it offers financial concessions to Premier Mussolini at the expense of the American taxpayers.

The irreconcilables are planning to link their fight on the issue with recent statements of Ambassador Houghton concerning European suspicions and with their fight against American entry into the world court.

BODY

By JULIAN SNYDER
(United Press Staff Correspondent)

Washington, March 25.—"The tremendous wet majority" rolled up in the newspapers' nation-wide wet-dry poll has had comparatively little effect on the prohibition line-up in congress.

A United Press poll of the senate today disclosed that it was overwhelmingly dry. There are 68 dries, 15 wets and 13 doubtful in the senate.

Several senators asserted that the newspaper polls meant nothing. Others charged that "only those who patronize the bootleggers voted."

On the other hand the few wets said that the newspaper poll was significant, and indicated a definite trend against prohibition.

Some of them classed as doubtful suggested that the question ought to be put to a nation wide referendum to end the argument.

Other doubtful senators said they wanted to "see what legislation was offered in the way of modification before declaring their stand." It is certain from the results of the United Press poll that any beer or modification proposal now will be defeated.

The United Press poll of senators included:

Drys—Brookhart and Cummins, republicans, Iowa; Deneen, republican, Illinois; Howell, republican, Nebraska; Lenroot, republican, Wisconsin; McKinley, republican, Illinois; Norris, republican, Nebraska; Robinson, republican, Indiana; Thos. Schall, republican, Minnesota; Shipstead, farmer-labor, Minnesota; Watson, republican, Indiana.

Wets—LaFollette, republican, Wisconsin.
Doubtful—Bingham and McLean.

FEDERAL JUDGEMORE THAN THIRTY SPECIFIC
CHARGES SET FORTH IN
COMPLAINT

By WILLIAM J. McEVROY
(United Press Staff Correspondent)

Washington, March 25.—Congress today moved toward its first impeachment trial in more than a decade, when the house judiciary committee submitted a report to the lower body recommending trial before the bar of the senate of Federal Judge George Washington English of the eastern division of Illinois for high misdemeanors in office.

The charges filed are in five articles, which contain more than 30 specific charges, ranging from tyranny, oppression, misbehavior, profanity, unlawful disbarment of lawyers, to corrupt use of bankruptcy funds, unlawful changes in bankruptcy rules and the exercise of favoritism and partiality from the bench of the United States.

In submitting the report to the house, Representative Graham, the chairman of the judiciary committee, announced he would call it up for discussion and a vote next Tuesday.

If the report is adopted, a special session of the senate will be held after adjournment of the present session. Several house members will be appointed to conduct the "prosecution" on behalf of the house.

Judge English, whose home is in East St. Louis, Ill., was appointed by President Wilson in 1918. He is a native of Illinois and a former member of the state legislature, being listed in "Who's Who" in America, as a leader in exposure of graft in the legislature, 1909. He was a special income tax attorney in the treasury department here from 1914 to 1918.

"The conduct of Judge English has been of such a character that one must regard it as reprehensible and tending to bring shame and reproach upon the administration of justice and destroy the confidence of the public in our courts if it be allowed to go unrebuked," the report of the judiciary committee said. "Three members of the committee will file a dissenting opinion, it is learned, opposing impeachment."

"The federal judiciary has been marked by the services of men of high character and integrity," the report continued. "Men of independence and incorruptibility, men who have not used their office for the promotion of their private interests or those of their friends."

"No one reading the record in this case can conclude that this man has lived up to the standards of our judiciary, nor is he the personification of integrity, high honor and uprightness, as the evidence presents the picture of the manner in which he discharged the high duties and exercised the powers of his great office."

The committee urged the house to adopt the articles of impeachment and an accompanying resolution recommending removal of the jurist.

MINORITY REPORT
IN IMPEACHMENT

Washington, March 25.—(UP)—Chairman Graham of the house judiciary committee today obtained permission for three members of his committee to file a minority report in the impeachment of Federal Judge G. W. English, East St. Louis.

The majority report recommending removal will be filed later today. The minority members, Representatives Hickey, republican, Indiana; Bowling, democrat, Alabama, and Weaver, democrat, North Carolina, were given until 12:30 tomorrow to file their opinions. Representative Yates, republican, Illinois, another member of the committee, has indicated he will file a separate statement to express his views.

In a minority statement Representative Yates, republican, Illinois, asserted that English had not committed acts that would subject him to impeachment.

BURN YOUR MEADOWS NOW

Forest Ranger E. H. Rhodes Gives Advice to the Farmers

TOWNSHIP FIRE WARDENS

List of Those Who Serve in Crow Wing County And Post Office Addresses

In an interview accorded the Dispatch, Forest Ranger E. H. Rhodes advised farmers to burn their meadows now. He said:

"The time of year is again at hand, when farmers, who have hay meadows which were cut last year are thinking of burning, and a more opportune time can not be expected than at the present time while the frost is still in the ground and there is still snow in the woods."

"Many farmers have already removed all hay from their meadows and done their burning, and their worry for the spring is over, because their hay is safe and they have cleaned up any slash and debris which has accumulated during the winter, near their buildings or in their wood-lot and which might otherwise have invited disastrous fires. Also, they have the satisfaction of knowing that by burning early they have not destroyed any young growth timber in their wood-lot nor have they destroyed the nests of the chickens or birds which are so necessary to help keep down the army of crop-destroying insects and worms."

"So, if you haven't yet done the spring burning which is probably necessary on your farm, why not try and get it done within the next few days, while with a little care and watching you are sure that fires will not do any damage."

"Meadows should be burned after 4 or 5 o'clock in the afternoon or in the evening after the wind has gone down. Get your neighbor to help you, see that the fire does not catch in the peat ditch banks or old stumps and hold over."

"Remember that burning permits are required for any burning which is done, any time while the ground is not snow-covered, unless you have first made a fresh fire-break sufficient to check the spread of fire. Burning permits may be obtained from the district forest ranger or township fire warden."

"A list of township fire wardens and special patrolmen in this vicinity, whose present commission will expire on June 30th, 1926, is given below. New men who were recommended by the various township boards at the spring election, for appointment as township fire wardens will be commissioned on July 1st, 1926 to hold office until June 30th 1927."

\$75,000 CASE IN DISTRICT COURT

Chicago Box & Crating Co. vs Dakota Central Construction Company

CLAIMS CONTRACT BROKEN

Hauling of Several Million Feet of Lumber Failed Delivery, Says Plaintiff

A special court case before Judge W. S. McClenahan began today in the district court rooms of the court house. The plaintiff, the Chicago Box and Crating Company, is suing the Dakota Central Construction Company for \$75,000.00 on the charge of a breach of contract. The conflict arose over the hauling of some six to seven million feet of lumber, which the defendant failed to deliver, according to the plaintiff. The case has been before each judge in the district on various motions and at different times within the last three or four years. It is expected that the case will continue in the local court throughout the rest of the week. Attorneys Hallan, Hoffman of Be-

TRIAL MAY BE HELD AT HOME OF INJURED GIRL

Milwaukee, March 25.—(UP)—Trial of Walter Ostrowski, 32, on statutory charges, involving a 16 year old crippled girl, may be held at the girl's home, if she is unable to appear in

court, it was indicated today by District Attorney Eugene Wengert.

According to the district attorney the girl's testimony must be given in the presence of the judge and jury and the defendant also had the right to face his accuser.

The girl's present condition does not permit her being moved, it was said. According to police the girl identified Ostrowski as her assailant.

JOB PRINTING BY THE U. S. A.

The small newspaper publisher with his job printing office has been harder hit by government ownership and competition in the printing industry than have the operators of any other line of business, says the Industrial News Bureau of "The Manufacturer." The little printer is in direct competition with the great tax-free government printing office with its tremendous buying power backed by the credit of the United States Treasury itself.

The National Editorial Association is at the present time leading in the campaign to get the government out of the commercial printing business. If it can print and sell envelopes, why not print and sell the letterhead paper to go with the envelopes; or sell letter paper unprinted if the customer so desires? If the quantity buying power of the government is to be used for the benefit of the purchaser of one community, why not extend it to all commodities?

The principle involved in this fight is whether or not it is a legitimate function of government, state or national to go into competition with private citizens who must furnish the taxes and the brains to maintain government itself. The National Editorial Association is doing a public service in bringing this question to a head.

DIARIES OF PIONEER MINNESOTANS

HISTORICALLY valuable diaries of early Minnesota settlers are coming into possession of the Minnesota Historical society as by-products of the Minnesota history essay contest for the high school pupils, sponsored by the society and the State Federation of Women's clubs.

One of the most interesting of these, it was recently announced, is the diary of John Rollins, who came to St. Anthony in 1848 and was a pioneer Mississippi river steamboat captain in the transportation service above St. Anthony Falls. It was revealed in a history essay written for the contest by Katherine P. Nelson of Brainerd, a great granddaughter of Captain Rollins.

Miss Nelson is a junior at the high school, a daughter of Mr. and Mrs. N. G. Nelson.

The committee of judges in the contest includes Dr. Samuel B. Harding, professor of history, University of Minnesota, chairman; Dr. Clarence W. Rife, professor of history, Hamline university, and Mrs. S. J. Buck of Minneapolis, the author of a volume of Minnesota history stories.

WCCO was utilized Thursday afternoon to make public the winners in the contest.

THE SEED CATALOGS

GLOWING language and just as glowing pictures distinguish this year's edition of seed catalogs. In fifty years there has been a great improvement in seeds and in catalogs as well.

The catalog breathes such optimism that it stirs the lethargy of many systems and finds usually sedentary men buying hoes and rakes and shovels and other gardening tools. A garden, in its early stages, is a regular hive of industry, and the saddest phase is when the chickens of some recreant neighbor start to undo all the planting.

One man of our acquaintance always pins the picture of the seed or bulb planted at the head of the row. He is an optimistic sort of an individual and says the picture will spur the seed or bulb to live up to its advertised reputation.

In many of the home gardens planted in this city, Pa takes all the credit at the luncheon club, while Mother and the Kids do all the work. An important phase of gardening is making grass grow. A well kept lawn is essential.

TOO ACTIVE IN LAW ENFORCEMENT

(St. Cloud Journal-Press)

BRAINERD has too strenuous a mayor to suit some of its citizens, and they are circulating a petition for the recall of Mayor George A. Cain, alleging that he is quite too robust in the enforcement of law, and they do not like the personnel of his police force. It is also charged that as deputy sheriff he assisted in law enforcement outside the limits of Brainerd. It is rather a unique distinction thus handed Mayor Cain, that he is too active in law enforcement—perhaps the result of the belief that he "was out to raise Cain."

SUMMER RESORT ARGUMENTS

CALIFORNIA and Florida are now waging argument as to the merits of their respective inheritance taxes. The old adage said something about going to Venice or somewhere else to die, but California and Florida aim to picture the financial and not aesthetic advantages gained by dying in their backyards.

Brainerd and the Brainerd Lake Region do not ask you to die up here. They bid you welcome to come here and renew your lease of life. Die where you want to, but come to our lakes and you'll feel like living.

OLD punishments were severe, as witness the whipping post and the methods of the vigilantes. Their use, however, stopped petty thieving and horse stealing. Delaware has burnished up its whipping post, added a few tails to the cat-o-nine tails, and burglary, theft and hold-ups have been reduced materially in that little state. Using the lash on a holdup man is mild treatment compared with the bandit's habits of shooting down an innocent victim.

BY the time we get most of the things we have always wanted, the novelty has worn off, says the Illinois State Journal. That reminds us of the grizzled pair of old prospectors at Juneau, Alaska, who struck it rich and then sat down and cried. "What you crying about, Bill?" asked a neighbor. "We're too old to have any fun out of it," said Bill.

LIFE magazine has advanced a new thought in automobile construction. As every member of the family knows how to run a car better than the chauffeur, be he Dad or the hired man, Life proposes a seven-steering model, thereby giving every member of the family a chance to run the car as it should be run.

8TH CONSECUTIVE 100 PCT. MEETING

Lions Leave Their Sick Beds to Preserve Record of Local Club

THIS TIME IT'S PRESIDENT GEIST

Investigating Committee Finds That Brainerd Has Cheap Power Rate

Another 100% meeting of the Brainerd Lions club last evening brings this week into line as the eighth consecutive week that the weekly meeting of the Lions was attended by every member. Last week Ernie Roth left a sick-bed to make the attendance 100%, and this week President Geist performed the same stunt in order to appear for roll-call.

One of the reports of committees was the report of the special committee which investigated the cost of power rates for factories in this city. The report showed the fact that Brainerd can furnish power at a lower rate than any city in the state. Another committee reported on the possibility of bringing a brick-yard into the city. Members are at work to bring this project to a head.

The program was in charge of Cub James H. Alderman. Cub Monty Pierce gave a fine talk on his impressions as a newcomer to Brainerd. He stated several instances when Brainerd business men provided him with hard luck stories, telling him that conditions in the city were far from good, and knocking the city to a degree that he himself became gloomy

and a broadcaster of gloom. Cub Pierce closed his talk, however, with the declaration that he had changed his idea of Brainerd and Brainerd business men, stating that he realizes the advantages of Brainerd as a city, and that he has become a booster rather than a knocker.

Miss Riley who has spent six and a half years in India was the principal speaker of the evening. She related her experiences in missionary work in the great country of India. Her talk was interesting and entertaining as well as instructive.

LADIES BIBLE CLASS

Of Peoples Congregational Sunday School Will Give Program at Church Friday

The Ladies Bible class of Peoples Congregational Sunday school will give a program in the church on Friday evening, March 26, at 7:45 o'clock. A small admission fee will be charged.

The program consists of music, both vocal and instrumental, readings, and a playlet, called "The Pineville Baby Show," in which fourteen little girls take part.

Following the program refreshments will be served by ladies of the class to those desiring same for an additional small amount.

The public is cordially invited to come and enjoy the evening.

Lectures at New Daggett Brook School House

A series of Biblical lectures will begin in the new school house of district No. 18, Daggett Brook township by Evangelist O. Christensen, who has spent years in the study of the Prophecies and Bible interpretation. This will be a wonderful opportunity for those in this vicinity to take advantage of these lectures and hear these important prophecies. He has recently had a call to connect with the Mission fields in South America among the Indians and this may be his last series of lectures before leaving.

The lectures will begin on Sunday, March 28, at 11 o'clock a. m. on the subject of "The Battle of the

Churches." He will also speak on Sunday evening at 8 o'clock and then again on Thursday evening. Other work prevents him from having them every night, at least for a while, but on the hours specified above, namely, Sunday 11 a. m. and 8 p. m. and on Thursday evening at 8 p. m. he will lecture. The length of time he will continue will depend on the attendance at the lectures are free but a free will offering. These are free but a free will offering will be taken at each lecture.

JUNIOR DEPARTMENT STORES

YOUNG STRIBLING IS TO MEET SLATTERY

GARDEN TO BE JAMMED TO SEE 10 ROUND FIGHT

FOR STRIBLING IT MEANS SETTLEMENT OF AN OLD SCORE

IF GEORGIA PHENOM WINS, HE TAKES ON TUNNEY NEXT

New York, March 25.—(UP)—Close to 18,000 people are expected to jam the Garden tonight to watch Young Stribling, the Georgia phenom attempt to square accounts with Jimmy Slattery, the boy from Buffalo, in a 10 round affair.

For Stribling the bout means in addition to settling an old score, almost a cinch match with Gene Tunney. The Georgia boy was scheduled to meet Tunney a few weeks ago in Miami, but the fight was called off at the last minute.

Rickard has announced his readiness to stage the bout here in the event that Stribling triumphs over Slattery.

So far Stribling is a favorite in the betting. Slattery won a six round decision from the Georgian on Feb. 24, 1924, when both boys were under the age limit and the return match has been hanging fire ever since.

LAST HIGH SCHOOL GAMES OF SEASON

2 BASKETBALL GAMES FOUGHT TO FINISH IN LOCAL GYMNASIUM

The last high school basketball games of the season were played last evening when two challenge games were fought to a finish in the local gymnasium.

The Senior boys and Junior girls were the challengers, the opposition being made up of members of the other classes. Both challenging teams were on the winning end of the score at the close of the games, giving the spectators the opportunity to witness good playing and basket-shooting.

The girls' game was fast throughout, close guarding and teamwork being features of the contest. Edna Turner was high scorer for the Juniors, and Viola Causemaker and Eleanor Nolan scored for the losers. The final score was 10 to 6. F. W. Rosel was the referee.

The Senior boys, having on their team five of the regular line-up, captured their game by a score of 29 to 21. Although there was considerable fouling, the game was interesting, and Avery's shooting was up to form, the latter making five field goals. Orth was high scorer for the losers with three field goals and two free throws.

'MAN'S BEST FRIEND' EXHIBITED AT CHICAGO SHOW

Chicago, March 25.—(UP)—"Man's Best Friend," grossed at about \$500,000, went on a loud exhibition here today as the 25th annual national dog show of the Chicago Kennel club opened.

Exhibits from the leading kennels were on hand and the valuation of the dogs was placed at the half million dollar mark by managers of the show. There are 1,038 dogs entered.

Rowland Wilson, Peoria, has entered two dogs valued at \$10,000. One of the rare dogs entered is that owned by Judge Harry Olson, Chicago. It is a Norwegian elk hound, the first ever to be exhibited at a Chicago show.

Goal Keeper Slack
New York—Loose work by Vernon Forbes, goal keeper for the New York Americans, let three shots pass him and enabled the Portland Rosebuds to win the deciding game of the east-west hockey series by a score of 4 to 2. The western team won the Fairbanks-Pickford cup and the bulk of the \$20,000 purse money.

HELEN WILLS TO TAKE TRIP OF TWO WEEKS

Cannes, France, March 25.—(UP)—Helen Wills starts a two weeks trip today, after winning the finals of the Cannes club tournament by default. The California girl was scheduled to meet Joan Ridley in the finals but Miss Ridley smashed the fingers of her right hand in 'slamming' an automobile door and the match was called off.

Western Balkline Championship

COMMITTEE OF RULES THINKS IT IS CONSTRUCTIVE

ADOPTED WITH INTENTION OF IMPROVING THE GAME

BOB ZUPPKE SUGGESTS PROGRESSIVE SECTIONS OF COUNTRY DRAFT OWN RULES

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, March 25.—Criticism

directed at the new rule restricting the use of the forward pass will not result in a reconsideration of the rule for at least a year, according to E. K. Hall, chairman of the rules committee.

The committee feels that it was a constructive ruling, adopted with the intention of improving the game, and that any such changes should be given the benefit of a test.

It has happened several times that changes in the rules have revoked after they have been tested for a season, as was the case in the kick-off rule last year, and if the rule permitting the quarterback only one incomplete pass without a penalty slows up the game it may be scratched off the books next winter.

The committee feels also, it is said, that as many coaches will be

found indorsing the rule as are being quoted against it.

The criticism that it was a reactionary measure or aimed at forward passing systems like Notre Dame, Dartmouth, Tulane or Washington was declared to be beside the point.

The suggestion made by Bob Zuppke that the progressive sections of the country should draft their own rules threatens a situation similar to that resulting from the baseball rule.

Although the rule book permits a pitcher to use resin on his hands, the American league and several minor leagues have refused to accept the rule and they can get away with it on a technicality.

BOYS SURVEY

FIGURES GIVEN

603 Boys From 10 to 18 Years Old
Show Their Likes And Dislikes In Survey

MANY USE TOBACCO

20 Percent of 11 Year Olds Brought
Before Juvenile Court
During 1925

The boys life survey of this city taken in the schools several weeks ago shows some interesting things regarding the boys of the city. The survey was taken among all boys in the schools, between the ages of 10 and 18 years.

The percentage of each age in the total number, 603, is as follows: 10 years, 14 percent, 11 years, 11.7 percent, 12 years, 17.2 percent.

One of the most startling things about the survey is the fact that 20.4 percent of the 11 year old boys were brought up for being delinquent during 1925. Of the 17 year old boys, 19 percent were brought up on this charge.

The figures regarding the use of tobacco by boys are impressive: of the 10 year old boys, 3.5 percent use tobacco; 12.3 percent of the 11 year olds state that they use tobacco, and the other ages are 12 years, 1.9 percent; 13 years, 9.3 percent; 14 years, 8 percent; 15 years, 7.6 percent; 16 years, 16 percent; 17 years, 27 percent; and 18 years, 36 percent.

The number belonging to the Boy Scouts is 26 percent of the 12 year olds, 30 percent of the 13 year olds, 22 percent of the 14 year olds, 11.5 percent of the 15 year olds, and 8 percent of the 16 year olds. Those belonging to the Y. M. C. A. start at 3 percent of the 10 year olds, and the percentage grows every year, to 35 percent of the 18 year olds.

The boys were asked to indicate their affiliation with church or Sunday school, and it was found that 21 percent of the 10 year olds are not affiliated with any church, and for the next seven years the proportion is less, but of the 18 year olds, 28 percent indicate that are not church attendants.

The survey for the years to 15 or 16 is fairly complete, but the older groups are not complete, owing to the fact that the survey was taken only in the schools, and many boys stop attending school at 16.

NORTH OAK LAWN

"Fleur de Lis" Home Dressmaking
Club Has Been
Organized

The group of ladies of North Oak Lawn organized to take up home dressmaking under the guidance of Mrs. Duggan of the agricultural extension service held a very interesting and instructive meeting at the home of Mrs. Dan Peterson on Thursday, March 18.

Mrs. Fred Aspholm received the election for president and Mrs. Peterson for secretary.

The lesson on short cuts in home dressmaking given by the leaders, Mrs. A. H. Aspholm and Mrs. T. L. Livingstone was ably presented and held the close attention of every member.

Everyone expressed themselves as more than satisfied with the results of this first meeting.

The next short course for leaders will be conducted at the Chamber of Commerce rooms at Brainerd on Monday, April 12, followed by the group meeting on Thursday, April 22, at the home of Mrs. Livingstone.

The question of a name for the club was discussed and when put to a vote the name "Fleur de Lis" was adopted and all further communications will appear under that name.

MRS. J. KARP

PASSED AWAY

Former Brainerd Matron Died Suddenly at Her Home in
Oakland, Calif.

LIVED IN BRAINERD IN 1902

Her Husband at That Time Conducted the Old East Hotel

Fred Kraklau of Brainerd received a telegram from Oakland, Calif., this morning, stating that his sister, Mrs. J. Karp passed away in the western state at 10:50 p. m. yesterday. Her death was a sudden blow to her relatives, who were unaware of any illness on the part of the deceased, nor did the telegram state the cause of her death.

Mrs. Karp (Mary O. Kraklau) is well-known among the older residents of Brainerd. She was born in 1879 in Wright county, Minn. Her parents moved to Crow Wing county when Mrs. Karp was four years of age. Here she lived throughout her school-days and youth. In 1902 she was married to J. Karp of Brainerd, Mr. Karp being manager of the old East Hotel for several years.

Later they moved to St. Paul, where Mrs. Karp's mother is still living, and in 1919 they moved to California, where they have been living for the last seven years. A daughter, now married, was the only child in the family.

Other relatives who survive Mrs. Karp and mourn her loss are a brother, D. Kraklau of Brainerd; her mother of St. Paul; two sisters; and a brother who is living in the cities.

Mrs. Karp was a visitor in Brainerd during the summer of 1924, motoring from the west coast by automobile.

The Dispatch joins in the expressions of sympathy which are extended by the friends of the deceased.

CHAMBER TAKES

POLL OF RESORTS

Township Assessors of Brainerd
Lake Region Asked to List All

CHAMBER COMPILING MAP

These Will be Distributed by the
Thousands Through States From
Which Tourists Are Drawn

One of the major achievements of the Chamber of Commerce this year will be the compilation of summer resorts, use of this data on a map, and the distribution of this Brainerd Lake Region map throughout the states where our tourist trade originates.

No favoritism will be shown in the listing of resorts. Every place will be shown on the map. With the end in view of gaining correct data and making the map complete, this letter has been addressed by the Brainerd Chamber of Commerce to the various town and village assessors:

Brainerd, Minn.

Dear Sir:

For the purpose of advertising the summer resorts and farming advantages of Crow Wing county, the Brainerd Chamber of Commerce is getting out a map of the county, showing mainly roads, lakes, summer resorts. These maps will be distributed by the thousands through the states where summer people have been coming to our lakes in the past.

The Chamber is paying all the expenses of printing and distributing these maps, is not asking nor receiving anything from resort keepers. It is, however, asking the assistance of the town and village assessors in furnishing the names of summer resorts in their township or village, with the description of land on which resort is located, subdivi-

sion or lot, section, town and range.

We realize that you are the best qualified person to furnish this information, and we believe and hope you will be willing to help and cooperate with us in giving your town the full benefit of this extensive advertising, and the resort keepers of your town will appreciate your efforts to "put them on the map."

We will show the resorts on the maps by a circle with a number, and on the margin each and every summer resort, large and small, will be listed by name and number. With this map a traveler can go to any lake and any resort on any lake in the county.

We are very anxious to get this information just as soon as possible, as we must get maps distributed by latter part of April, to get this summer's business.

Yours for a bigger and better Crow Wing county.

W. ALLBRIGHT,
Secretary Brainerd Chamber
of Commerce.

Rev. Ernest C. Biller of St. Cloud to
Speak at St. Paul's Episcopal
Church

The last of the regular mid-week special Lenten services appointed for each Thursday evening during the Lenten season, up to Holy week, will be held tonight at St. Paul's Episcopal church, Juniper and Seventh streets, at 7:45 o'clock.

The visiting preacher for this evening will be the Rev. Ernest C. Biller, rector of St. John's church, St. Cloud. The Rev. E. C. Biller is the brother of the late Bishop William Biller of South Dakota. The Rev. Mr. Biller himself spent over five years in the work of the Episcopal church in North Dakota, later becoming the rector of the Episcopal church at White Bear Lake. For the past two years he has been located at St. Cloud where he has done a conspicuous work and also entertained the recent convention of the diocese of the Duluth for the first time

JUNIOR GIRLS WIN INTER-CLASS CHAMPIONSHIP

DEFEAT THE FRESHMEN IN THE
DECIDING GAME YES-
TERDAY

GIRLS' BASKETBALL TOURNA-
MENT AT HIGH
SCHOOL

The Junior girls won the inter-class championship yesterday when they defeated the Freshmen in the deciding game of the girls' basketball tournament at the high school.

The Freshmen girls gave stiff competition to the Juniors, holding the winners to a 2 to 2 tie at the end of the first half. In the final period, however, the Juniors took the offensive and the game closed with the Juniors the possessors of the pennant. The final score was 12 to 2.

Edna Turner was the high point maker for the champions by dropping in four baskets.

The Seniors defeated the Sophomores by a score of 15 to 8 in a battle for second place in girls' basketball. Both teams had lost a game to the victorious Juniors, and the Seniors were bound to uphold their superiority as upper classmen. Leading throughout the game, the Seniors captured their second victory.

Eleanor Nolan led in point-making for the Seniors, while Irene Molstad scored all of the field goals for the Sophomores.

The final percentage standing of the four classes:

	W.	L.	Pct.
Juniors	3	0	.1000
Seniors	2	1	.667
Sophomores	1	2	.333
Freshmen	0	3	.000

NEW RULING NOT RADICAL

DIRECTOR LITTLE COMMENTS
ON PENALTIES FOR INCOM-
PLETED FORWARD PASSES

Madison, Wis., March 25.—(UP)—Recent legislation at New York on aerial tactics, providing five yard penalties for incomplete forward passes on second and third downs, is not tinging the Wisconsin athletic director's, George Little's, hair with premature gray.

Little intimated as much here when he discussed for the first time the action taken last week by the national football rules committee.

"Teams which use the forward pass in a sane and rational manner will not be greatly affected by the new ruling," he declared.

This attitude is somewhat different from that of Bob Zuppke, Jess Hawley, Jack Wilce and other prominent football coaches, who have been outspoken in their disapproval of the new aerial law of the gridiron.

It is Little's opinion also that there will be just as much hurling of long tosses in last minute desperation as there ever was, despite the legislation.

EIGHT LEADERS IN A. B. C. TOURNEY HOLD POSITIONS

Toledo, O., March 15.—(UP)—No changes were recorded among the first eight leaders in the A. B. C. tourney here after Wednesday's rolling.

The largest crowd that has attended the tournament since its opening packed the stands behind the famous Thoma Bros. team of Chicago, with whom Jimmy Smith was bowling. Neither he nor his teammates showed well Wednesday night but the fans are expecting great things of them in the doubles and singles today.

Coch Pat Page III
Bloomington, Ind.—Illness of Coach Pat Page has necessitated delaying the opening of spring football practice at Indiana until March 29.

Art Nehf Failing
Sarasota, Fla.—Failing health of Art Nehf, veteran southpaw, is causing worry to John McGraw, manager of the New York Giants and upsetting plans of the pitching staff.

8 Teams Left in Running
Madison, Wis.—Eight teams were left in the running for the high school basketball championship of Wisconsin as the annual state tournament went into the second round today. Eau Claire, Manitowish and Shawano are being picked as possible champions, with Fond Du Lac and Portage the class of the teams in the consolation flight. Appleton meets Eau Claire today. Superior and Stevens Point, Shawano against River Falls and Manitowish versus Monticello in the championship flight.

Chicago Gymnastic Team Wins
Philadelphia—The University of Chicago's gymnastic team clinched the dual meet championship of the country, by defeating Pennsylvania 25 to 20.

FRANK CATON

Cleveland, Ohio, March 25.—(UP)—Frank Caton, who was a personal friend of Nicholas, the czar of the Russias, and who won millions of dollars for the royal family, while it was in its heyday of monarchical supremacy, has passed away at the age of 74.

Caton was one of the most colorful figures in the racing world. Born in Northville, Mich., September 3, 1852, Caton was the son of John D. Caton. The elder Caton, together with the famous General Custer of "Last Stand" renown, owned running horses together.

Before he was 16, young Frank was running horses in the famous "Quarter" races the old Indian fighter staged with John Caton. It was there, under Custer's expert knowledge and tutelage, that Frank Caton learned all he knew of horses.

When he became too heavy to ride in the saddle he turned to training harness horses. Incidentally, when Frank was in England in 1873, he rowed No. 4 on the winning American barge in the noted race between England and America of that year.

From 1873 to 1881, he raced and trained harness horses for his brother Sam, in the United States, and helped in no small degree, to put harness racing on the American turf. In 1881, he came to Cleveland and was employed to race and train horses for the Forest City farm, owned by C. F. Emery. On the site of the Emery farm now stands the famous beautiful North Randall race track of the Grand Circuit.

Emery sent Caton to Russia with 20 head of thoroughbreds, the best being Winterstet and Wintergreen, which won many races in Russia. Caton returned to Cleveland in 1893 but went back to the land of the czar in 1894. In 1902 he was presented to the czar, and became his favorite trainer. The czar's sport-loving brother, Grand Duke Michael, took a liking to Caton, and for many years, racing for royalty, he won millions of dollars in purses for the czar and the grand duke.

With the establishment of the Soviet regime and the overthrow of the nobility, Caton returned to America, having lost his money and horses in the upheaval. He spent the rest of his years in Cleveland.

One of Caton's sons, Samuel, is still in Russia. Another, Will, is one of America's leading harness race riders. He lives in Cleveland.

FORWARD PASS NEW RULE SCORED

(Continued from Page 6)

conference or the Southern conference might agree among themselves to ignore the new rule and let the quarterback call for as many passes as he wished without being penalized, and the rules committee would have to dig hard for a comeback.

Only in the case of an international game could a real issue develop and teams like more of the Western conference elevens would not seek to make any such test.

The rules committee feels that each section of the country was represented on the committee that passed the rule and that there is no ground for the complaint that the east is trying to get back an old game which the west took away with the perfection of the open game.

MARKET BREAKS IN SPOTS

New York, March 25.—(UP)—Further corrective processes were pushed with vigor in various sections of the list in today's session. Breaks of a precipitate character were forced in Baldwin, American Locomotive, Allied Chemical and other industrial leaders and in specialties like American Dairy Products, Kresge Department Stores preferred and Foundation Company.

North American and several other active utilities were also subjected to heavy offerings with the result at times the market as a whole presented the appearance of being subjected to great pressure.

An additional cause of nervousness among the shorts was Detroit advice that preparations to expand automobile production were under way after temporary curtailment incident to backward weather.

PURCHASING POWER OF FARMER MUST BE INCREASED

Chicago, March 25.—(UP)—The purchasing power of the American farmer must be increased before there can be an assurance of continued business prosperity, the annual report of the International Harvester company said today.

The report, prepared by Alex Legge, president, said that farming conditions as a whole were on the upgrade. "Agricultural conditions in the United States," the report stated, "have shown some improvement. However, we must keep in mind that the purchasing power of the American farmer is still considerably below that of people engaged in other occupations."

There is an encouraging outlook for this year, the company's report indicated. This comes from indications of business during last year's later months.

The report declared that company receipts had shown gains in all branches during the year. This applied to both domestic and foreign business.

KIP RHINELANDER A LOSER AGAIN

MOTION SETTING ASIDE VER-
DICT, MOTION FOR NEW
TRIAL, DENIED

Poughkeepsie, N. Y., March 25.—(UP)—Leonard Kip Rhinelander came out loser again today in another step in his litigation to annul his marriage to Alice Beatrice Jones Rhinelander on the ground that negro blood flowed in her veins.

Supreme Court Justice Morschauser denied the motion of young Rhinelander's attorneys to set aside the jury's verdict which sustained the legality of the marriage and also denied the motion for a new trial. Briefs on these motions were filed recently. An immediate appeal is expected.

Counsel fees of \$12,000 were allowed against young Rhinelander. Justice Morschauser cutting the original request for \$25,000 to that amount, in a separate memorandum, which he handed down.

CARE OF WOMEN TOO GREAT SO HE BURNED THEM UP

West Union, Ia., March 25.—(UP)—The burden of caring for his crippled wife, Eliza, 62, and her aged mother, Mrs. Rebecca Craigmiller, 92, "was unbearable," Thomas Hill, 50, West Union farmer, told police today in a confession in which he recounted how he deliberately fired his home, burning the two women to death.

The house was destroyed by flames on February 13. Convinced that the blaze had been the work of an arsonist, police kept Hill under surveillance until late yesterday when they arrested him. His alleged confession and a second supplemental one today, followed.

INFLUENZA RAGES IN SECTIONS OF WISCONSIN TODAY

Madison, Wis., March 25.—(UP)—Influenza in light form is affecting many parts of Wisconsin, especially eastern and southern portions, according to reports received here by the state board of health.

Because influenza travels so rapidly, it now threatens to invade all sections. Accompanying the board statement is advice to persons stricken with the disease.

In Madison the disease is gaining headway and the University of Wisconsin shows reduced class attendance. The university infirmary is filled to capacity and an extra building was opened as temporary hospital quarters.

KILKENNY, MINN., HAS \$35,000 FIRE

Kilkenny, Minn., March 25.—(UP)—Fire destroyed the John Murphy & Co. general store early today at a loss estimated at \$35,000.

Waterville firemen responded to an alarm and aided by the wet snow which fell at the time, succeeded in preventing a spread of flames to surrounding buildings.

The Murphy company store was completely demolished and all stock lost.

DOBBIN PERFORMS OLD TRICK IN A NEW SETTING

Faribault, Minn., March 25.—(UP)—Dobbin was called upon today to perform an old trick in a new setting.

Perry Galley, farmer near here, was routed out of bed this morning and asked to haul out an airplane which was stuck in the mud.

An aviator landed in a field during the night and found he could not take off because of the mud.

As usual Dobbin "did his stuff" and the bird flew away.

DISTURBED SLEEP

Caused From Bladder Weakness. Nature's Way of Telling You of "Danger Ahead."

J. H. Hanford, 7155 Yale Ave., Chicago, Ill., says, "For two years I have been troubled with gravel. Many times it would cause me to get up eight to twelve times at night, and it was very painful. Lithiated Buchu cleaned me up in one week. I will be glad to tell or write my experience." Lithiated Buchu is not a patent medicine as the formula is on the label. It cleanses the bladder as uronic salts do the bowels, driving out abnormal deposits, neutralizing excess acid, thereby relieving irritation which causes disturbed sleep. It is not a cheap medicine. The tablets cost 2 cents each at all drug stores. Keller Laboratory, Mechanicsburg, Ohio. Locally at Johnson's Pharmacy.

Old Mr. Carter Helped by Simple Mixture

"After taking Adlerika I feel better than for years. At my age (60) it is ideal—so different from other medicines." (signed) W. W. Carter. Adlerika is a simple mixture of buckthorn bark, glycerine, etc., which removes GAS in ten minutes and often brings surprising relief to the stomach. Stops that full, bloated feeling. Brings out old waste matter you never thought was in your system. Excellent for chronic constipation. Johnson's Pharmacy and Economy Drug Co.

FRANKLIN AND OIL CITY BACK TO NORMAL AGAIN

Franklin, Pa., March 25.—(UP)—Franklin and Oil City were rapidly resuming normal conditions today following the disastrous flood of last week.

The highways between the two cities have been opened again and bus service was resumed today. The Erie railroad ran its first train in three days today.

Trolley car service between the towns, however, may never be resumed, according to V. A. Redfield, superintendent of the Citizens Traction company. He said the loss of the big rock bridge, owned by the company, caused the proposed abandonment of the line.

SENATE GROUP ADOPTS REPORT SEATING STECK

Washington, March 25.—(UP)—The majority report urging seating of Daniel F. Steck over Senator Smith W. Brookhart, republican, Iowa, was adopted today by the senate privileges and elections committee.

The report, drawn by Senator Caraway, democrat, Arkansas, asserts that the recount conducted by the senate investigating committee shows a majority of 1,420 for Steck in the election of November.
